NEW

#### INDUSTRIA

Tallas / Sizes / Größen / Pointures:  
EU > S (35-38) / M (39-42) / L (43-46)  
UK > S (3-5) / M (6-8) / L (9-11)  
81006

Composition:

41% Recycled Polyester, 31% Recycled Cotton, 26% Recycled Polyamide, 2% Elastane.

Mid-calf sock, padded and fully reinforced, with extra reinforcement at toe, heel and sole.

The entire structure is made of tight-fitting lycra.

The construction of the instep area is designed for good thermoregulation.

The cuff is made with Comfort Plus technology to provide support without squeezing.

REPREVE Sorbtek®

100% recycled polyester made from plastic bottles that wicks away moisture three times faster than other fibres

100% recycled polyamide from disused fishing nets, offering great strength and durability.

100% recycled cotton of post-industrial origin with OEKO-TEX and GRS certification.

Fabric with HEIQ FRESH MINT treatment, an innovative anti-bacterial and anti-odour technology based on natural derivatives of mint oil from renewable sources.
